Polish Science Contact Agency
Dr. Jan Krzysztof Frackowiak
Director

INVITATION

Dear Sir or Madam,

The Ambassador of Poland to the Kingdom of Belgium in Brussels, Slawomir Czarlewski, and Director of the Polish Science Contact Agency (PoISCA) in Brussels, Jan Krzysztof Frackowiak, kindly invite you to the seminar:

Polish Science for the 7th Framework Programme
“Sustainable Energy and Efficient Use of Energy Resources”

co-organised by Polish Science Contact Agency (PoISCA) in Brussels
and the Embassy of Poland to the Kingdom of Belgium
on Thursday, the **25th of March at 10:00** (followed by buffet lunch from 13:00 to 14:30)
at the premises of the Embassy
Av. des Gaulois 29, 1040 Brussels

Would you be as kind as to confirm your attendance to e.dernowicz@skynet.be by Monday, 15th of March 2010.

Polish Science for the 7th Framework Programme

The announced seminar will be the second in the series of events entitled “Polish Science for the 7th Framework Programme”.

The foremost goal of this cycle of seminars is to present Polish research potential in particular areas of science and confront it with foreign expertise on the subject. This should facilitate using the said potential for FP7 proposals and projects. The intended half-day event agenda includes short presentations of the Polish and foreign experts, discussion and a buffet reception. The expected audience consists of interested European researchers and representatives of the EU institutions as well as other research-oriented entities located mostly in Brussels and the neighbouring regions.

Upcoming Seminar

A more sustainable energy and more efficient use of energy are the necessary conditions to reach the “20-20-20” target of the European Union energy policy: 20 per cent less greenhouse gases, 20 per cent better energy efficiency and a 20 per cent share of renewables in the year 2020. This would be a milestone step in building a low-emission economy and providing a secure and clean energy supply for the whole planet. To reach this ambitious goal we need to develop and demonstrate new technologies. This Seminar aims to contribute to meeting that need.

This Seminar is a part of the EU Sustainable Energy Week, the Europe’s lead event on energy issues that will be held from Monday 22 to Friday 26 March 2010 (see <http://www.eusew.eu/index.cfm>). Since 2007 the EU-SEW forms part of the Sustainable Energy Europe Campaign, an initiative of the European Commission managed by the Executive Agency for Competitiveness & Innovation.

Best regards,

Jan Krzysztof Frackowiak

SEMINAR

Polish Science for the 7th Framework Programme “Sustainable Energy and Efficient Use of Energy Resources”

co-organised by Polish Science Contact Agency (PoISCA) in Brussels

and the Embassy of Poland to the Kingdom of Belgium

on Thursday, the **25th of March at 10:00** at the premises of the Embassy, Av. des Gaulois 29, 1040 Brussels

AGENDA (DRAFT)

09:30 Registration

10:00 Opening

Ambassador S. Czarlewski, Director J. K. Frackowiak (chair)

Prof. Adam Gierek, the Polish Member of the European Parliament

10:15 Presentation: “Deep Dry Geothermy”, Polish Laboratory for Radical Technologies (to be confirmed)

Questions and answers

10:30 Presentation: “Underground Coal Gasification”, ZAK (to be confirmed)

Questions and answers

10:45 Presentation: Instytut Energetyki (Institute of Power Engineering)

Questions and answers

11:00 Presentation: Photovoltaic Centre, Warsaw University of Technology

Questions and answers

11:15 Presentation: the Polish National Contact Point for Research Programmes of the EU

Questions and answers

11:30 Coffee break

11:45 Presentation : "Large-scale and small-scale cogeneration systems", The Szewalski Institute of Fluid-flow Machinery, PAS

Questions and answers

12:00 Presentation: Electrabel, Belgium (to be confirmed)

Questions and answers

12:15 Presentation: Czech expert

Questions and answers

12:30 Presentation: Italian expert (ENEA)

Questions and answers

12:35 Discussion

13:05 Buffet lunch

Please confirm your attendance to e.dernowicz@skynet.be by Monday, 15th of March 2010.
